DYNAMICS 365 FINANCE & OPERATIONS

Improve financial performance

Deliver fast, accurate reporting and make data-driven decisions to improve forecasting, profitability, and compliance.

Optimize operations

Bring agility and efficiency to manufacturing, keep pace with demand, and uphold quality control with machine learning and AI-driven insights.

Streamline supply chain

Accelerate delivery time, reduce costs, and simplify warehouse and transportation processes with complete visibility across your supply chain.

DYNAMICS 365 BUSINESS CENTRAL

Deploy a single, comprehensive solution

Connect your people and processes with a single, unified solution, so data can be quickly and easily shared with key people throughout your company.

DYNAMICS 365 SALES, SERVICE AND MARKETING

Boost sales productivity with seamless tools

Win more leads with a solution that unifies relationship data and provides contextual AI-driven insights.

Turn prospects into business relationships

Create multi-channel campaigns and create personalised customer experiences to maximise your marketing results.

Deliver fast, personalised service

Create positive experiences relying on built-in intelligence to deliver faster, more personalised service that adds value to every interaction.

DYNAMICS 365 TALENT

Attract

Attract with LinkedIn Recruiter to find, engage, shortlist, interview, and extend offers to the right people.

On-board

Onboard to quickly ramp up new team members and accelerate time to impact.

Manage

Give your managers and employees core HR capabilities in a single location to optimise workforce costs and deliver business impact.

SERVICES
